Old Fort Heber showing the locations of the families who built their homes there in 1859.

The area for the fort was 80 rods square, lying between what is now First West and Fourth West Streets and 2nd North and 5th North Streets.

Within that fort area the company of men built their houses close together, with sufficient openings to let their stock in and out. The houses were built with green cottonwood logs that were cut on the river bottoms.
